Critical Information Summary

ConnectTel Business SIP - Service Description

ConnectTel Business SIP is a voice telephony service that is supplied over your internet service. The internet service may be supplied by ConnectTel or by another service provider.

Requirements & Availability

Connect Tel SIP Voice requires fixed broadband service and each call requires a minimum of 100kbps of uncongested upstream and downstream bandwidth for optimal quality.

Minimum Service Term

Connect Tel SIP Voice services are supplied on a 12 month contract term or as specified in the Service Order Form.

Customers are permitted to terminate the service by giving 90 days notice (early termination fees apply). Early termination fee, if you choose to cancel your service or it is disconnected for any reason within the 12 month contract term you will be charged an early termination fee comprised of your minimum monthly commitment as per your agreement with us multiplied by the months remaining in your contract

Exclusions / Not Support

ConnectTel Business SIP does not support 19/1900 number calls, fax, dial up modem or other analogue data calls (e.g. EFTPOS, HICAPS), back to base alarms and other monitoring systems using phone lines, and similar features.

ConnectTel Business SIP is not available for telemarketing, call centre function and similar uses, a fair use policy applies.

Although ConnectTel provides multiple levels of toll fraud protection across our SIP services the customer is liable for all calls made from the service and must provide a secure network to protect from call fraud.
